ROG Cronox ARGB

Vision Meets Domination

The ROG Cronox ARGB with four pre-installed ROG Eurux GR120 ARGB fans is a panoramic full-tower case with a curved tempered-glass panel and precision-cut edges. It's compatible with EATX and BTF motherboards and features subtle ROG lighting to add layers of visual intensity. A patented rotatable side fan bracket enables targeted airflow management, allowing precise thermal tuning for demanding builds. The 9.2-inch LCD screen module features a 60Hz refresh rate and can be freely rotated on a hinge to set up the most suitable and convenient viewing angle.
