The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Intel® AI Playground

Offering various AI capabilities, including image creation, enhancement, and chatbot responses, all functions run locally on the PC, ensuring privacy and control over content and input.

Summarize Content

Instantly sum up the documents, providing key points to boost productivity for users.

Generate New Ideas

Deliver creative ideas, helping users explore new perspectives and solutions.

Expand the Imagination

Unleash creativity with Image Creator, an AI-powered tool designed to help users craft unique artworks.

Environment-friendly Materials

By utilizing green materials like post-consumer recycled (PCR) plastic and sourcing renewable energy for our factory, we ensure the durability of our products and demonstrate a strong commitment to creating a greener world.

Built for Sustainability

The Cubi NUC Series blends business-centric design with environmental responsibility - an embodiment of MSI's dedication to sustainability. Our commitment extends to incorporating sustainable materials in both our product design and packaging, protecting the earth through our actions. By utilizing sustainable materials such as PCR plastics, recycled pulp from FSC™-certified forests, more active management of substances used in manufacturing processes, and the continued use of renewable energy in production processes, we ensure the products' durability and a commitment to a greener world.

The Cubi NUC Series embodies sustainable value and heightened productivity.

35.99% Post-consumer Recycled (PCR) Plastic

The Cubi NUC mini PC contains 35.99% PCR plastic, reducing plastic waste sent to landfills and contributing to environmental conservation.

Sustainably Sourced Wood Pulp with FSC Certification

FSC-certified cartons are made from sustainably sourced wood pulp, ensuring responsible forest management. This certification guarantees that the materials are renewable and low-carbon, promoting environmental sustainability.

By using FSC-certified cartons, MSI supports sustainable practices and contributes to the preservation of forests for future generations

Renewable Energy

Since 2021, MSI has installed solar power systems in its facilities and gradually increased the proportion of purchased renewable energy.

By 2024, it has achieved a carbon reduction of over 70%, with more than 99% of the electricity used in its factories coming from renewable sources.

This demonstrates MSI's commitment to achieving net-zero sustainability by 2050.

Powerful & Reliable Choice for Business

The Cubi NUC is the ideal solution for confined spaces. It confidently handles a myriad of tasks, from basic computing to multimedia streaming and multitasking, leveraging their compact size.

Mini Yet Powerful

The Cubi NUC comes with a perfect combination of Mini and Power, featuring a 0.51-liter chassis.

Maximize Space with the Versatile Cubi NUC

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. itworkup.co.za | sales@itworkup.co.za | +27 (11)541-9950

The Cubi NUC is perfect for spaces with limited room, featuring a 0.51-liter chassis. It can be mounted behind a monitor, on a wall, or in digital signage, freeing up desk space and creating a tidier workspace.

Tailored for Professional Users

Equipped with up to Intel® Core™ Ultra 7 Processor, it delivers faster and more reliable performance, enabling users to multitask various applications effortlessly.

Wi-Fi 7 Support

Wi-Fi 7 delivers ultra-fast speeds and increased network capacity, which is essential for efficiently managing AI workloads.

DDR5 Dual-Channel Memory

DDR5 memory with dual-channel can enhance work efficiency and quality, processing large amounts of data and complex multitasking quickly and reducing waiting times and delays.

Thunderbolt 4:
A Single Cable to Serve All
The Thunderbolt 4 enables rapid data transfer up to 40 Gbps, crucial for handling large datasets in AI applications, making it an excellent choice for both charging and displaying through a single port.

Quadruple Display Support

Supporting up to 4 displays with HDMI™-out and Thunderbolt 4 allows for increased productivity by providing more screen space to manage multiple applications simultaneously.

VESA Mountable Design

With its VESA Mountable design, the Cubi NUC Series can be easily installed in any location, providing users with greater flexibility and efficient space management in both home and office settings.

MSI Power Link

The Cubi NUC Series can be powered on using the power button on the MSI-selected monitor to bring the most convenient user experience.

A Reliable Choice that Business Can Rely On

Ensuring top quality is not just a catchphrase for us; it is our utmost priority to deliver a hassle-free and high-quality product.

Dual 2.5G LAN

Experience the blazing speed of dual 2.5G LAN, which streamlines troubleshooting and enhances redundancy, network segmentation, security, and load balancing for users.
The Cubi NUC comes with a perfect combination of Mini and Power, featuring a 0.51-liter chassis.

Optimized for Versatility & Convenience

Streamlining operations to achieve maximum productivity with minimal wasted effort or expense.

MSI Center

The MSI Center allows for easy optimization and resource allocation to enhance software performance.

B2B Projects

Over the past years, MSI has successfully supported countless of B2B projects, including government tenders, restaurant & hotel facilitation, shopping mall navigation projects, school & university developments and professional office projects.
