COMPACT POWER, LIMITLESS EFFICIENCY

Drives Business Performance & Productivity

Powered by Intel® Core™ Ultra processors, the ThinkCentre M70t Gen 6 tower PC is ideal for running complex software, multitasking with multiple applications, or streaming high-definition content.

Optional Intel vPro® technology enhances security and manageability that IT professionals will love.

EXPAND YOUR VISUAL SPACE

Seamlessly Connect to External Monitors

Take multitasking to the next level with triple display capability — two display ports and an HDMI® port. Experience brilliant visual clarity — spread out your projects, track multiple activities, and boost efficiency with a setup that keeps everything in view and at your fingertips.

PRIVACY & PROTECTION

Security Like Your Business Depends On It

Enjoy maximum security with ThinkShield — including Trusted Platform Module (TPM) for hardware solutions, self-healing BIOS to restore earlier system settings, and Secure Wipe. Choose the optional Intel vPro® platform for multilayer security to block cyberattacks and ransomware. Secure your PC physically with the security slot, chassis e-lock, and more.

CREDIBILITY & COLLABORATION

Sustainability

Our goal is to provide smarter technology that builds a brighter, more sustainable future for our customers, communities, and the planet. That's why we pursue industry-leading labels and certifications that demonstrate our commitment to sustainability in product design. Together, we can build a smarter future for all.
