# Bosch GBH 18V-40 C Professional

Model: 0611917100

Manufacturer: BOSCH

EAN: 4059952615394

Product Code: 1681490

## R12,072

GBH 18V-40 C Professional: Further information

Product Highlights

The GBH 18V-40 C Professional offers corded performance thanks to its BITURBO Brushless technology providing powerful 9.0 J impact energy. Cordless freedom with ProCORE18V batteries allows fast drilling up to 40 mm and chisel works even in tough environments. It provides an optimal power-to-weight ratio due to an improved impact mechanism and highly capable drive train. In addition to the overload clutch the GBH 18V-40 C offers KickBack Control, which senses sudden loss of tool control. In case of e.g. a canted drill it instantly shuts the cordless rotary hammer down in order to minimise hand and arm injuries.

Equipment & Application

The GBH 18V-40 C Professional is compatible with all Bosch Professional 18V batteries and chargers (Professional 18V system). To reach the maximum power in concrete, stone, and masonry, choose a ProCORE18V battery ≥ 5.5 Ah.

Additional Information

A user interface with Bluetooth connectivity displays the real-time status of the tool. Different
