The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Minimise preparation time with this high-tech, compact and affordable portable solution, that makes it quick and easy to enlarge source material. In just seconds, you can connect directly to the latest Epson projectors using the two in one USB cable connection which provides power and transmits the video signal.

Highly portable, modern design

The Epson ELPDC07 visualiser is neat and compact, it features LED illumination, a built-in microphone and doesn’t need a separate power supply. It’s also light and easy to carry in the included carry case, with the arm folding neatly down into the base. Needing just 2.5W, you can be sure that its power consumption meets modern energy conservation requirements .
