details including stained glass on the stall’s wall make this set is a must-have. Pose Ava to play out the scene where Leaf gets her powers. Dip the care sponge in ice cold water and apply onto Leaf’s body – her Plant Magic markings reveal themselves. Add to play with a bucket of sky berries, spray bottle and butterflies, flowers and vines to decorate the stall. During grooming, remove Leaf’s saddle and bridle, then use the care brush to keep her purple and teal mane and tail shiny. For more ways to experience Unicorn Academy, look for the other small dolls, including Sophia, Layla, Isabel, Valentina, and their unicorns (toys sold separately) and expand your world. For kids who enjoy unicorns, horse toys, dolls & accessories, doll house play, collectibles, plush toys and more, Unicorn Academy toys are fun birthday gifts for girls or gifts for any occasion. Relive Unicorn Academy adventures with the Ava & Leaf Stall Playset.
