Case LIAN LI micro ATX/Mini-ITX White Midi Tower PC Lian Li 011 Vision O11 VISION-M White (G99.O11VMW.00) G99.O11VMW.00

Model: G99.O11VMW.00

Manufacturer: LIAN LI

EAN: 840353053953

Product Code: 1684269

R2,039

Lian Li 011 Vision O11 VISION-M **White (**G99.O11VMW.00)

MULTIPLE OPTIONS FOR ANY BUILD STYLE

Available in Standard and Digital Editions, the O11 VISION-M offers flexibility for different build preferences, with the Digital Edition featuring a built-in 9.2” LCD screen. Combined with black and white color options, each version is designed to match modern components while showcasing the

signature three-sided tempered glass design.

Compact Form, Dual-Chamber Efficiency

The O11 Vision-M series delivers a space-efficient dual chamber design with a reduced footprint, while preserving the three-side tempered glass showcase and efficient dual-chamber layout.

O11 VISION-M VS O11 VISION Compact

Compared to the O11 Vision Compact, the O11 Vision-M reduces overall volume by approximately 20%, while retaining the signature O11 VISION showcase design.

Panoramic Design with Three-Sided Glass

Tempered glass on the front, side, and top panels delivers a clear panoramic view of the system, placing internal components and lighting at the center of the design.

Clean, Minimalist Build with Hidden Liquid Cooling

With a dual-chamber design, a dedicated tube-routing space in the second chamber neatly hides all liquid cooling lines. Enjoy a clean, organized interior visible through tempered glass, showcasing a sleek, minimalist, and premium build.

3D Printable Fill Cover

Remove the divider for a more open layout and a clearer view of the fan side-lighting. For those who prefer a cleaner finish around the gap between the AIO and motherboard area, an optional 3D-printable fill cover can also be added.

High-Capacity AIO Cooling Support

Supports up to a 360mm top-mounted radiator with three 120mm fans, with additional side radiator support in the main chamber for flexible AIO placement without disrupting the showcase layout.

Extensive Fan Support for Advanced Airflow

Supports up to a 360mm top-mounted radiator with three 120mm fans, delivering strong AIO cooling performance.

Glass CUTout FoR IMPROVED AIRFLOW

The top tempered glass panel features a precision glass cutout design, allowing airflow to pass through while maintaining the clean panoramic look.

Pre-installed 140mm Fan for Enhanced cooling Performance

The pre-installed 140mm fan is specifically designed to provide additional airflow to the AIO radiator, improving radiator heat dissipation and overall liquid cooling efficiency.

Tested under identical conditions with a 360mm AIO and full fan configuration, the O11 VISION-M achieves up to 4°C lower CPU temperatures than both the O11D MINI V2 and O11 VISION Compact. GPU temperatures are also reduced by up to 2.6°C, highlighting stronger airflow efficiency in a compact chassis.

Built for M-ATX and Mini-ITX Systems

The O11 VISION-M supports both M-ATX and Mini-ITX motherboards, making it suitable for compact yet high-performance system builds. This flexibility allows builders to choose a smaller platform without sacrificing layout efficiency or cooling potential.

Full-Length GPU Clearance up to 410mm

Despite its compact size, the O11 VISION-M supports graphics cards up to 410mm in length. This generous clearance allows flagship GPUs to fit comfortably, even with front-mounted cooling components installed.

Reliable GPU Support with Anti-Sag Design

A dedicated anti-sag bracket is included to support horizontally mounted GPUs. The bracket can be height-adjusted from the second chamber using the included tool, and its swiveling support platform ensures stability without interfering with GPU fan airflow.

Full-Size Power Supply Support

The dual-chamber layout accommodates ATX power supplies up to 182mm in length. By isolating the PSU in the second chamber, the design maintains clean cable routing while supporting full-size, high-wattage power supplies.

Extensive Fan Support for Advanced Airflow

Supports up to a 360mm top-mounted radiator with three 120mm fans, delivering strong AIO cooling performance.

- Compact dual-chamber design with three-sided glass showcase
- Front, side, and top tempered glass panels for panoramic viewing
- Supports M-ATX and Mini-ITX motherboards
- Supports graphics cards up to 410 mm
- Supports up to 360 mm top-mounted radiator
- Glass panel mesh cutout improves top airflow
- Pre-installed 140 mm fan enhances radiator cooling
- Hidden second-chamber routing for tubes and cables
- Removable modular divider for flexible interior presentation
- Adjustable anti-sag bracket for horizontal GPUs
- Supports ATX PSU up to 182 mm
- Hidden storage support for up to three 2.5”SSDs or one 3.5”HDD + one 2.5”SSD

Summary: Lian Li 011 Vision O11 VISION-M. Form factor: Midi Tower, Type: PC, Product colour: White. Supported power supply form factors: ATX. Side fans installed: 1x 140 mm, Side fans diameters supported: 120,140 mm, Rear fans diameters supported: 120 mm. Supported HDD sizes: 2.5,3.5", SSD form factor: 2.5". Width: 275.1 mm, Depth: 419.6 mm, Height: 395.2 mm | Vendor Homepage: https://lian-li.com/product/o11-vision-m/ | Tipas: PC | Forma: „Midi Tower“ | Produkto spalva: Balta | Medžiaga: Aliuminis/Grūdintas stiklas/Plienas | Palaikomos motininės plokštės formos faktorius: „micro ATX“/Mini-ITX | 3,5" lizdų skaičius: 1 | 2,5" lizdų skaičius: 2 | Plėtimosi angų skaičius: 5 | Šoninis langas: Taip | Tinka: Žaidimams | Iliuminacija: Ne | Grūdinto stiklo plokštė(-ės): Taip | Dulkių filtras: Taip | Įmontuoti garsiakalbiai: Ne | Įjungimo / išjungimo mygtukas: Taip | Didžiausias CPU vėsintuvo aukštis: 162 | Didžiausias grafinės kortelės ilgis: 410 | Maksimalus PSU ilgis: 182 | Pridėtas maitinimo šaltinis: Ne | Palaikomi maitinimo formos koeficientai: ATX | Įmontuotas ekranas: Ne | USB 3.2 (3.1 1 kart.)
