Extend your desktop with an external Display Port monitor via the new USB-C or Thunderbolt 3 connector. The adapter supports the transfer of 4K Ultra HD resolution up to 3840 x 2160 @ 60 Hz pixels including the audio signal.

Using is very simple, just plug the adapter into the USB-C or Thunderbolt 3 port on your computer, connect it with a display device via Display Port cable and you can immediately start using. Driver installation is automatic from the system.

Please make sure to check a compatibility of your device, whether it meets all the requirements for an operation of the specific i-tec product, especially video output (Display Port Alt mode), and/or Power Delivery. If your device would not be fully compatible, your new i-tec product may not operate correctly. You may find the specifications your device (i.e. USB port), in a user manual supplied with your notebook/tablet/smartphone, or – alternatively – via customer service provided by a manufacturer of your device.
