This PanzerGlass® screen protector for the front-screen on foldable phones is made from 60% recycled glass. Designed specifically for foldable phones, it helps protect your front-screen against scratches and the everyday hazards of life on the go.

The crystal-clear glass preserves your screen, while the smudge-resistant coating helps reduce fingerprints and grease for a cleaner viewing experience.

The enclosed EasyAligner makes installation a piece of cake, and to make it even easier, we’ve included step-by-step instructions as well as a QR code for quick access to our online how-to video.

FRAME FIT is made and recommended for a flawless front screen fit. FRAME FIT is a total frame
