

UNITEK C11085GY01- 15M Optic Cable HDMI 2.1 AOC 8K 120Hz 15m

Model: C11085GY01-15M

Manufacturer: UNITEK

EAN: 4894160053114

Product Code: 1684502

R1,412

The Unitek HDMI Cable is engineered using fiber optic technology, with a slim design and an outer diameter of 4.6 mm. With 8K60Hz support, this cable ensures picture quality and supports vibrant colors through BT.2020 colorimetry, delivering a visual experience for home entertainment systems. The built-in features like Enhanced Audio Return Channel (eARC) and Auto Low Latency Mode (ALLM) enhance both audio and video performance, making this cable suitable for gamers and movie enthusiasts.

Constructed with a durable metal housing and equipped with gold-plated connectors, the Unitek HDMI Cable offers oxidation and EMI protection, ensuring longevity and reliable signal transmission. It is designed for flexibility with a bending radius of 10 mm, accommodating various installation scenarios, while the 30 AWG thickness provides performance for high-speed data transfer, supporting up to 48 Gbps bandwidth. Enjoy a seamless connection and rich audio with this HDMI cable.
