Unitek USB-C cable is designed for reliable charging and data transfer between USB-C devices, combining a durable TPE and nylon-braided jacket with reinforced connectors for long-term use. The cable supports USB Power Delivery for up to 60W charging and offers data transfer speeds up to 480 Mbps, while an integrated e-marker chip ensures proper power negotiation. Built-in safety features including overcurrent, overheating, and overvoltage protection help safeguard connected devices, and an onboard LED display provides a clear view of charging status.
