

ATEN CL1308N KVM switch Rack mounting Black

Model: CL1308N-NORDIC

Manufacturer: ATEN

EAN: 5715063528075

Product Code: 1685401

R28,327

With limited server room space and rising maintenance costs, network administrators are now more than ever looking for solutions that reduce both costs and space requirements. ATEN LCD KVM Switches offer a space saving, streamlined approach to KVM switching technology by integrating an LCD panel, full keyboard, and touchpad into a 1U rack-mountable sliding housing.

The CL1308 LCD KVM Switch features an integrated 19" LED-backlit LCD panel allowing access and control with up to 8 computers from a single console (keyboard, mouse, and monitor). As many as 8 additional switches can be cascaded bringing the total number of connected computers to 128 computers that can be controlled from a single keyboard-monitor-mouse console.

Setup is fast and easy; plugging cables into their appropriate ports is all that is needed. The switch supports both USB and PS/2 connections for the computers. The CL1308 intercepts keyboard input directly, thus eliminating the need for any software configuration. Switching between computers can

be easily accomplished either by manually pressing the front panel push button port LEDs, entering hotkey combinations from the keyboard, or via a menu driven multilingual on-screen display (OSD) system.

Note: Optional rack mount kits are available. For more information, refer to Compatible Accessories below.
