Lenovo Legion smartglasses

Model: GY21M72722

Manufacturer: LENOVO

EAN: 195892091622

Product Code: 1685464

R14,123

Enjoy games or movies anytime, anywhere with Legion Glasses—a personal, wearable, plug-and-play monitor. Connect it to the Lenovo Legion Go or any other device with a full-function USB-C port and wear it like a pair of eyeglasses. Prevent neck strain by watching or playing from any position. The device emulates the experience and functionality of a larger screen via an extended virtual display with micro-OLED technology that appears behind the lenses—so the content is visible only to the wearer. The Legion Glasses is a portable, comfortable, and durable way to enjoy gaming on the go.

Big Screen Gaming Anywhere

Enjoy games or movies anytime, anywhere with Legion Glasses – a personal, wearable, plug-and-play monitor. Connect it to the Lenovo legion Go or any other device with a full-function USB-C port and wear it like a pair of eyeglasses. Prevent neck strain by watching or playing from any position.

Virtual Big Screen Anywhere

Experience all your favorite games and videos in vivid colors and incredible detail, just like on a full-sized monitor, with Legion Glasses. Its high-contrast Micro-OLED screen delivers an exceptional viewing experience.

Total Privacy On-The-Go

Providing you with full privacy without isolating you from the outside world. With virtually zero external light leakage, others can´t see what you´re looking at on the Legion Glasses screen.

Instant Plug And Play

Legion Glasses - a portable, private display compatible with most full-function USB-C devices for use anywhere. They require no custom or preloaded software, lighting up instantly just like a monitor.

Extended Virtual Display

The device emulates the experience and functionality of a larger screen via an extended virtual display with micro- OLED technology that appears behind the lenses – so the content is visible only to the wearer. The Legion Glasses is a portable, comfortable and durable way to enjoy gaming on the go.

Included accessories

3 x Adjustable Nose Pads, Carry Case, Prescription Lens Frame, Anti-slip Adapter, Cleaning Cloth.
