unrestricted airflow vents. You can also expand the number of fans up to 9 to maximize cooling.

RGB CHROMA LIGHTINGAVAILABLE IN 2 VERSIONS

Available in two finishes, black and white. Choose the one that best suits your setup!

RGB CHROMA ARGB LIGHTING

The MC51's lighting system provides you with up to 40 pre-installed RGB CHROMA lighting effects that can be controlled via its RF remote control, but it also includes a standard ARGB connection so you can synchronize the lighting with ARGB-compatible motherboards or controllers. Choose the mode that best suits your setup and enjoy an endless range of aesthetic possibilities.

DOUBLE TEMPERED GLASS WINDOW

Equipped with two full-length tempered glass windows, the MC51 case lets you show off your PC in all its glory.

LARGE CAPACITY

MC51 offers you a large internal space for the installation of high-performance components, offering support for ATX, microATX and mini-ITX boards, support for liquid cooling up to 240mm, up to 3 2.5" SSD drives or 3 3.5" HDD drives, and fully efficient internal cable management.
