connection for a seamless online experience!

Comprehensive VPN Features

The RT-AX57 Go supports a wide range of the latest popular VPN protocols, including WireGuard® and OpenVPN. With support for more than 30 VPN service providers, such as Surfshark, users have the flexibility to select the optimal service tailored to their specific needs. When using public WiFi, the ASUS Instant Guard mobile app also gives you a one-click sharable secure VPN.*

*The router must have a public WAN IP address to use ASUS Instant Guard.
