TP-Link TL-WA855RE network extender Network transmitter & receiver White 10, 100 Mbit/s

Model: TL-WA855RE

Manufacturer: TP-LINK

EAN: 1210002614665

Product Code: 1686510

R985

Compact. Strong.

Despite its compact size, it may be hard to ignore the TL-WA855RE due to the truly impressive way that it projects Wi-Fi access into the areas of your home that your standard router simply cannot reach. The TL-WA855RE supports wireless speeds of up to 300Mbps and keeps all of your favorite devices running as fast as possible.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

As Powerful

As You Expect

The two external antennas with MIMO technology help set the TL-WA855RE apart from the rest. MIMO technology enhances your network by dramatically increasing wireless speeds and the two external antennas ensure that a stable wireless signal reaches you where you need it most.

Effortless Network Expansion

Two Simple Taps and You are Ready to Connect

Just press the WPS button on your router, then press the Range Extender button on TL-WA855RE to begin enjoying simple, expanded Wi-Fi.

Selectable Work Modes

Repeater When Router Fails You

The TL-WA855RE works as a repeater to save you from poor signal by expanding your router’s network coverage to the primary "dead zones".

Access Point For A New Network

When TL-WA855RE works in AP Mode, it turns Ethernet port into your own personal Wi-Fi hotspot to create a new network.

Easy Monitoring

Tether is an intuitive app that allows users to conveniently monitor the state of your range extender.
