R785

Tiny Size. Powerful Connection

AC600 Nano Wireless USB Adapter

Archer T2U Nano

High-Speed Dual Band Adapter for Better Connections

The Archer T2U Nano receives WiFi signals on two separate bands. 256QAM technology increases the 2.4 GHz data rate from 150 Mbps to 200 Mbps for 33% faster performance. 433 Mbps on 5 GHz is perfect for HD video streaming and lag-free online gaming, while 200 Mbps on 2.4 GHz is perfect for web surfing with legacy devices.

Miniature Design -

Plug it in and forget it

With its miniature size and sleek design, users can insert the nano adapter into any USB port and

leave it in there, making it perfect for home or travel use

WiFi Roaming

Some public WiFi networks require you to go through the hassle of constantly selecting and connecting to different networks as you move around.

Connect automatically to the nearest WiFi network with the Archer T2U Nano’s WiFi Roaming for an uninterrupted network no matter where you go.
