Take your entire desktop with you

The Verbatim USB-C® Pro 8-Port Multiport hub features eight versatile ports connected via a single USB-C connection. The dual HDMI output enables connection to multiple monitors for an expanded workspace whilst the three USB-A ports can be used for many other essential desktop accessories. Need a card reader too? This hub also has slots for both SD and microSD memory cards and a convenient USB-C PD port for uninterrupted pass-through charging.

Dual 4K Ultra HD resolution

The two HDMI ports on the Pro Multiport Hub allows you to expand your display onto dual compatible TVs or monitors. It supports Ultra HD 4K razor-sharp resolutions, providing feature-rich content for

the ultimate immersive experience For an even sharper view, HDMI 1 supports up to 8K resolution. Even at higher frame rates, the hub still provides smooth and continuous viewing without any loss or lag.

Connect all your desktop accessories

Swift data transfer is at your fingertips with USB 3.2 Gen1 technology, ensuring efficient workflows and minimal wait times with 5Gb/s speeds. These three additional USB-A ports allow fast data transfer between USB and hard drives and also enables the connection of other desktop accessories like mice and keyboards. Take your whole desktop with you in one handy hub.

Budding photographer in need of a card reader?

The 8-Port Hub also comes with SD and microSD memory card slots. With read speeds of up to 104MB/s and write speeds of up to 80MB/s, image and data transfer is fast and super convenient.

Power Charging

The USB-C® PD (Power delivery) port provides uninterrupted pass-through charging. Some laptops only come with one USB-C® port, so once you have added a hub, there is no extra port to plug in power. The USB-C® port on the Pro Multiport hub allows pass through charging from the power source, allowing the laptop to be charged up to 85W (15W reserved for other ports) while using all the other ports on the hub.
