HP OneShred 6CC

The handy document shredder HP OneShred 6CC in modern design is a quintessential feature of any household and fits next to every desk. Thanks to the high security level P-4, the DSGVO-compliant shredding of sensitive data such as salary slips and tax returns is guaranteed. Up to six DIN A4 sheets can be shredded at the same time in particle cut via the intuitive operation. Even paper clips, staples and credit cards are no problem for this reliable shredder. The document shredder has a blue and a red LED status display, which indicate the operational readiness and overheating of the device respectively. Thanks to the viewing window, you are always alerted when the box needs to be

Maximum 6 DIN A4 sheets (80 g / m²) possible at the same time. Pictogram shredder collection container 14L/GO Europe.

Litter bin

With viewing window, removable shredder head and comprises a filling volume of 14 litres.

Keyfacts

The HP OneShred 6CC cross-cuts your sensitive documents into 5 mm x 14 mm clippings. Thus, the modern paper shredder ensures document destruction according to security level P-4 and complies with DIN 66399. After an operating time of four minutes, this reliable helper needs a cool down period before it can shred further documents. The small HP OneShred 6CC weighs in at a slim 3.3 kg and its compact dimensions make it easy to move, even without castors. Once the reliable document shredder has taken its place in your home, you won't want to miss it with its speedy cutting speed of 1.6 metres per minute.

The waste bin has a capacity of 14 litres and is very easy to empty. To do this, remove the shredder head from the container using the folding handle, empty the waste and replace the cutter attachment.

This handy HP OneShred 6CC comes equipped with a waste container for the cuttings as well as the operating instructions and a HP Shredder Oil Sheet for the first cleaning of the cutting unit.
