

be quiet! LIGHT BASE 600 DX Black Midi Tower

Model: BGW65

Manufacturer: BE QUIET!

EAN: 4260052191712

Product Code: 1686782

R2,924

Exceptional from every angle

Be prepared for virtually any PC component available and make Light Base 600 DX Black your creative show case.

LOOK AT ME!

Panorama design for perfect visibility

You deserve to show off what you got. Large window panels on the front and the side allow you to watch your PC components at work anytime. This makes Light Base 600 DX Black the perfect choice as your show case.

BRIGHT LIGHTS

1.33 meters of LEDs

Light Base 600 DX Black is predetermined for the big show. Nothing proves that more than the massive ARGB LED strip which is visible from all angles. The 1.33m long consists of 77 LEDs. With an included ARGB controller button and even more colors and modes with motherboard synchronization, you can make Light Base 600 DX Black truly your own. Express yourself!

UP, UP, DOWN, DOWN, LEFT, RIGHT, LEFT, RIGHT…

Change the layout in literal seconds

It takes longer to read this text than to invert Light Base 600 DX Black. With its relocatable feet, you can invert the PC case literally in seconds. You can also choose a horizontal layout, which is executed just as quick. No matter which layout your gaming room requires: Light Base 600 DX Black delivers.

MAKE IT YOUR CASE

Large dimensions for endless creativity

Light Base 600 DX Black features no preinstalled fans. However, up to 10 fans can be installed in total, making Light Base 600 DX Black extremely versatile. With its spacious design, it can hold up two 360mm radiators simultaneously, an ATX motherboard and even the most powerful graphics cards. Thanks to the dual chamber design, drives and cables are neatly tucked in the back and do not get in the way of airflow.

MAXIMUM USABILITY

A new level of convenience

Next to the radiators you can install in the top and the bottom, you can install another radiator with up to 240mm length in the side, for a whopping 3 radiators. On top of that, Light Base 600 DX Black comes with 2 ARGB and PWM hubs that offer 12 connectors in total. Their positions at the top and bottom allow you to conveniently connect your hardware.

HOLD MY GPU

For a neat interior

Light Base 600 DX Black features a flexible VGA holder that subtly prevents your GPU from sagging. The best part: This holder works in any orientation and with a horizontally or vertically installed graphics card. The result is a clean look even if you use big and heavy graphics cards.

ON THE FLIPSIDE...

Support for motherboards with backside connector design

The motherboard tray fully supports backside connector designs like Asus BTF (Back to Future), MSI
