ABOUT THE PRODUCT

The Brother QL-1100 is a high-speed label printer engineered to print up to 4" wide labels. This business-quality label printer lets you create cost-effective paper labels for packages, envelopes, postage and more. The automatic crop function lets on-line sellers easily print product and other barcode labels from A4/Letter size label sheet templates (Windows only). The Brother QL-1100 delivers fast, printing up to 69 standard address labels per minute with black text at 300dpi. USB Host interface offers additional functionality. Auto cutter allows for printing 1 or multiple labels at a time, eliminating wasted label sheets. The Brother QL-1100 permits users to create and print custom

labels easily. Simply connect to your computer to design and print customized labels. You can also download the free Brother iPrint&Label app to design labels with your Android™ device with the purchase of a USBtoGO cable connection (additional purchase required). The Brother QL-1100 series label printers utilize direct thermal printing, meaning that there are no expensive inks, toners, or ribbons to replace. Changing Brother DK rolls is simple – just drop them in and they fit easily. It is important to understand that using non-genuine Brother replacement labels may damage the Brother QL-1100 label printer and may not be covered under warranty. The Brother QL-1100 is compatible with Windows and Mac® and integrates with Microsoft Word, Excel, and Outlook. The Brother "Plug & Label" feature requires no software installation for Windows PCs. Simply print high-quality labels from Microsoft Word, Excel, and Outlook. This product is covered by a two-year limited warranty and exchange service by Brother.
