Light to carry, easy to use

Galaxy Tab Active4 Pro is designed inside and out to help you simplify your day. Its slim and light body makes it easy to carry in any work environment. Manage your tasks quickly with the intuitive and easy-to-use One UI.

Enhanced performance and connectivity

Work faster and smarter with Galaxy Tab Active4 Pro. With up to 1TB of external storage and the power of the Octa-core advanced processor, you can multitask even with big apps and files. Wi-Fi 6 and 5G (Sub-6) make sure you stay connected whether youre in the office or on the go.

Long-lasting power that keeps you going

Power through your tasks with a 7,600mAh battery. Plug in for fast charging via POGO or USB Type-C when you need to charge. With convenient power options, stay charged and ready to work.

Stay powered even without a battery

Galaxy Tab Active4 Pro stays on and powered even without a battery. When you leave the tablet in high heat inside a vehicle or need to stay charged and connected at a kiosk, use No Battery Mode to keep it powered and avoid a swollen battery. Simply plug into a power source and continue working.

Designed to be sturdy and reliable

Galaxy Tab Active4 Pro is reliable in harsh conditions. With Corning® Gorilla® Glass 5, an IP68 rating and MIL-STD-810H compliance, the 10.1-inch tablet is resistant to scratches, water and dust. Portable and compact, it's built to tough out your day.

A PC-like experience both inside and out

Get the PC-like experience of Samsung DeX for productivity whether you're on site or in the office. Quickly draft emails and send status reports back from the field with Samsung DeX on your tablet, then back in the office move to extensive editing and collaboration on a bigger screen.

Link devices to make business mobile

Enhanced Near Field Communication (NFC) makes your device into a mobile point of sale (mPOS) for easy payment processing from where you stand. Plus use your device to check employee ID and scan barcodes to make your business more mobile and linked than ever before.

Works seamlessly with gloves

No need to take off the gloves. By adjusting the touch sensitivity settings, you can keep your gloves on as you get things done. Open frequently used apps with a single press by mapping them to the Active key. You can even access the Active key while the screen is locked, off or asleep.

S Pen is just as tough, gloves on or off

Galaxy Tab Active4 Pro comes with an innovative IP68-rated water- and dust-resistant S Pen in box, for an easy way to work on the go with no need to charge. Responsive and precise even with gloves on, easily capture and create content and use it in outdoor environments from logistics to healthcare.

Securely unlock in an instant

With built-in biometric security it doesnt matter who gets their hands on your Galaxy Tab Active4 Pro – only you can unlock it using your unique fingerprint or facial profile. Face recognition lets you put an end to pin codes and allows easy unlocking with one hand or when wearing gloves.
