any situation, whether you're presenting in the boardroom or the classroom, or watching videos, sports, or gaming at home.

Simply Plug and Play

Share My Screen's Dual Screen Output allows you to mirror your display. Connect the transmitter to your device via USB-C, and the receiver to your monitor, TV or projector via HDMI or VGA. It’s plug and play and effortless to pair, while ensuring universal compatibility with a wide range of USB-C enabled devices.

With a reliable 10-metre wireless range, you can enjoy the flexibility and freedom to move around your space without losing signal quality.

Hub Functionality

With the hub features, you can improve your connectivity even more. This wireless video adapter includes two USB 3.2 Gen 1 ports, plus SD and microSD slots, allowing you to plug in devices such as keyboards or mice, and seamlessly share content from your USB flash drives or memory cards.

The compact and portable design of the receiver and transmitter, small enough to fit in your pocket, makes it an ideal companion for professionals and students on the go.
