Diagnostic Scanner OBD2 Ancel AS500/AC105

Model: AS500/AC105

Manufacturer: ANCEL

EAN: 5906168439124

Product Code: 1688123

R1,573

Ancel AS500/AC105 OBD2 diagnostic scanner

The Ancel AS500/AC105 diagnostic scanner is an indispensable tool for any workshop and for individual users who want to self-diagnose the condition of their vehicle. It allows you to quickly read and clear engine fault codes, which is crucial for maintaining optimal vehicle performance. Thanks to its advanced technology, the device can identify problems related to exhaust emissions, O2 system, EVAP and many others, supporting the maintenance of optimal vehicle condition.

Advanced diagnostic functions

The AS500/AC105 offers a number of functions that work well for everyday diagnostics, such as fault code reading and clearing, I/M readiness test (Inspection Maintenance), real-time data reading (Data Stream), O2 sensor status check, battery testing, and more. In addition, the "Freeze Frame" function

allows recording the moment of the fault, which is invaluable for further problem analysis.

With the user in mind

With a 320x240-pixel color LCD display, the Ancel AS500/AC105 presents diagnostic data in a clear and accessible manner. The user interface is intuitive, making it easy to navigate and quickly access the functions you need. The device is compatible with most vehicles with an OBD2/EOBD+CAN slot, which includes most cars manufactured after 1996 in the US, Europe and Asia.

Multilingual support and online updates

The device offers multi-language support, including English, Spanish, French, German, Russian, as well as Polish, making it accessible to a wide range of users worldwide. With online update capabilities, the Ancel AS500/AC105 will always be up-to-date with the latest diagnostic standards and norms.
