Product Code: 1689373

R1,517

The Netrack ECO-Line server rack cabinet offers a practical solution for organizing and securing network equipment. With a height of 9 rack units and a 19" rack size, this cabinet is designed to fit most standard equipment while providing ample storage space. Constructed from durable steel, the cabinet ensures reliability and strength, supporting a maximum load weight of 7.2 kg. Its wall mountable design optimizes space, making it ideal for smaller environments.
Enhancing usability, the cabinet features a stylish glass door that allows for easy visibility of equipment, while the front key lock secures valuable assets. Assembly is required, ensuring a straightforward setup process that can be completed with minimal effort. The Netrack ECO-Line server rack cabinet combines functionality with secure storage, making it an essential accessory for any system setup.
