

Epson EB-PU1006W Large venue projector 6000 ANSI lumens 3LCD WUXGA (1920x1200) White

Model: V11HA35940

Manufacturer: EPSON

EAN: 8715946697239

Product Code: 1689568

R122,362

The EB-PU1006W is a compact and versatile high brightness projector with optional interchangeable lenses and advanced installation features.

This highly versatile 6,000 lumens installation projector is sold as 'body only' and pairs seamlessly with Epson’s existing lens family to deliver bright, true-to-life images in a wide variety of environments: from visitor attractions to lecture theatres, museums to meeting rooms. The high lumens EB-PU1006W offers WUXGA resolution with 4K enhancement, HDR and advanced installation

features.

Superior image quality

The 6,000 lumens EB-PU1006W projects clear whites, vivid details, deep blacks, defined shadows and high contrast imagery.

Compact and lightweight

The compact size makes this projector more transportable and saves storage space, providing size and cost advantages to projector fleets. The unobtrusive design allows it to blend seamlessly into most environments.

Interchangeable lens support

The EB-PU1006W accommodates different lenses to suit a wide range of projection environments, including a zero-offset ultra-short-throw lens. Epson supplies the projector as ‘body only’, without a lens, which puts the power to build the right projection solution, for the right application, in the hands of the user.

Designed for installation agility

Produce large-scale, extremely bright displays, even as part of multi-projector installations where edge blending, stacking and lens flexibility is key. Epson Projector Professional Tool makes advanced installation techniques easy, such as projection mapping, while the optional external camera module (ELPEC01) uses built-in processing for PC-free geometry correction for stacking. The EB-PU1006W also features NFC for multi-projector set up, making diagnostics and installations easier using the Epson Projector Config Tool.
