MEMORY DIMM 32GB DDR5-5600/KIT2 PVV532G560C36K PATRIOT

Model: PVV532G560C36K

Manufacturer: PATRIOT

EAN: 814914029558

Product Code: 1689692

R12,205

Patriot Memory Viper RGB PVVR532G560C36K

INSANE PERFORMANCE

Viper Gaming is very excited to reveal the next generation Viper Venom DDR5 DRAM series! The Viper Venom DDR5 memory series will be our fastest DRAM available, for the latest DDR5 platforms for insane system performance! Viper Venom DDR5 memory modules are designed with groundbreaking technology to set bench mark higher than most extreme overclocked DDR4 modules and delivers twice as fast, doubling the current bandwidth of DDR4.The Viper Venom DDR5 modules have innovative onboard power management ICs for more efficient operation and lower power consumption, along with onboard thermal management technology providing longer life for the modules. With a limited lifetime warranty, this cutting-edge technology will enable blazing quick

application start-ups while expanding your system’s capabilities. Viper Venom DDR5 DRAM modules generate superior improvements towards user experience over previous memory lines and will be the next ultimate solution for gaming enthusiasts globally!

Viper Venom RGB & Non-RGB DDR5 Performance DRAM
Powerful performance of up to 7400MT/s
Optimized for latest DDR5 platforms
RGB and non-RGB aesthetic
High-quality IC: Selected and screened for enhanced overclocking capabilities
100% hand-tested: Fully tested and tuned profiles for maximum performance
Unlocked PMIC: Unlocked power to enable full performance for XMP and beyond
Limited Lifetime Warranty

Smaller Size, Greater Freedom
The boundless compatibility design maintains a moderate 43mm height, ensuring unrivaled clearance against the vast majority of CPU coolers. Install with ease and confidence.

Viper Venom RGB & Non-RGB DDR5 Performance DRAM
Viper Venom RGB & Non-RGB DDR5 Performance DRAM
Sharp Gaming Aesthetics
The module features asharp gaming aesthetic dual-tone aluminum heat spreader. The high-contrastblack and silver design creates a striking, modern visual centerpiece for anycustom build.

Viper Venom RGB & Non-RGB DDR5 Performance DRAM
Instant Speed Activation
Instantly unlock performance with XMP 3.0 and EXPO support!Kits include pre-tested profiles for zero-hassle setup—simply select the profile in your BIOS to activate enhanced speed.

*Requires a compatible motherboard and CPU. AMD OPP supports Ryzen™ 9000 Series and prior

generations, as well as Intel 14th Gen and earlier platforms.

*For AMD EXPO support on specific models, please contact technical support at patriot.support@patriotmemory.com

Viper Venom RGB & Non-RGB DDR5 Performance DRAM
Effective Thermal Management
The robust aluminum heat spreader activelydissipates heat.

This guarantees thenecessary thermal headroom, allowing performance to maintain consistentthroughput even during extended high-intensity usage.

Unleash Your Style with Immersive RGB Power!
Take your RGB experience to unparalleled heights! Our DRAM products are fully compatible with the industry-leading Signal RGB software and officially licensed. Dive into a fully immersive gaming experience with dynamic lighting that perfectly mirrors your unique style.

Every Patriot product is tested to meet our advertised specifications. Patriot will not guarantee products meet advertised specifications when a single module is paired with another single module and operated as a dual kit. Patriot will not guarantee products meet advertised specifications when a dual kit is paired with another dual kit and operated as a quad kit. Patriot will not guarantee products meet advertised specifications if used in conjunction with other manufacturer’s memory module or kit, or in a system that may not operate at Patriot’s advertised specifications.

Summary: Patriot Memory Viper RGB PVVR532G560C36K. Component for: PC, Internal memory: 32
