Ricoh IM 370F Laser A3 1200 x 1200 DPI 37 ppm

Model: 423503

Manufacturer: RICOH

EAN: 496131197564

Product Code: 1690128

R46,263

The IM 370F offers your organisation a productivity boost with easier access to dynamic and collaborative digital working practices. Access the latest cloud-based solutions for maximum security and seamless workflows. Optimise your office space with a compact mono device delivering fast, high quality output and the added flexibility of A3 scan and copy capabilities.

This intelligent A4 all-rounder also helps you do business responsibly, with low Typical Energy Consumption (TEC) values (0.381 kWh).

Digitalisation made easy with automation

This compact all-in-one printer is fully equipped to adapt to your evolving business needs. With a host of integrated scanning and automation features, it helps you and your employees develop seamless workflows.

The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

A productivity boost for your organisation

Help your employees get the most out of their day with easy- to-use solutions. Offering a print speed of 37 ppm and scan speeds of 46 ipm (Simplex) and 92 ipm (Duplex), the IM 370F is the perfect tool for quick document production and sharing. The tiltable 7" Smart Operation Panel and stable Bluetooth 5.2 connection ensure easy, reliable access to all features. Large paper capacity (2,100 sheets) and 6 GB of RAM keep processes flowing smoothly, while max. 1200 x 1200 dpi print resolution ensures high-quality results.

Keep your data safe and secure

Many organisations are centred on data protection as they leverage the opportunities created by remote and mobile ways of working. The IM 370F contributes to peace of mind with RICOH Always Current Technology™. As well as providing access to the latest security updates, it downloads them automatically to keep you ahead. Flexible account admin is included for total control, while the latest security standard, TPM 2.0, delivers stronger encryption and password protection.

Efficient and eco-friendly

The IM 370F is the ideal choice for a future-focused business. Its TEC value is amongst the lowest on the market, with a 45% power reduction in sleep mode for the Smart Operation Panel. Your responsible environmental approach is also reflected in the device’s design, with 17% of the mainframe made from recycled plastics and reduced plastic content in its packaging.
