We’re cranking out 800 watts of JBL Pro Sound—loud, clean, and full of deep bass from those two massive 9" woofers. The tweeters keep the highs crisp and clear, so every track hits just right and the dance floor stays packed.

Futuristic lightshow

Mix all that epic sound with a lightshow to match—vibrant stars, flowing trails, and strobes that move with the beat. It’s a full-on vibe.

Up to 15 hours playtime

Keep the music going for up to 15 hours on a single charge. Need more juice? Swap in the backup batteries (sold separately) and keep it moving. Just need a quick boost? A 10-minute fast charge gets you up to 2 extra hours of playtime.
