Model: THD966GL

Manufacturer: TARGUS

EAN: 5063194002460

Product Code: 1690800

R2,033

Meet a tablet case that doesn’t compromise on design or durability. The SafePort® Rugged Max Case for iPad Air® 11-inch (M3)/(M2), iPad Air® 10.9-inch (5th and 4th gen.) and iPad Pro® 11-inch (4th, 3rd, 2nd and 1st gen.) delivers unparalleled military grade protection while complementing the natural good looks of your iPad.

Packed with clever features including covered screen protection and an integrated stylus holder, this case delivers. Better yet, enjoy hands-free viewing thanks to the integrated kickstand. And for those on the move or those little hands that need a little more support – the adjustable silicone hand strap delivers peace of mind by keeping your iPad more accessible and secure.

Military Grade Protection

From drops to fluid contamination, this case is protected. This case passes rigorous MIL-STD-810G testing to ensure it can defend your iPad from drops up to 5.9 feet (1.8 meters). And it successfully passes MIL-STD-810H Method 504.3 Contamination by Fluids testing, ensuring compatibility with a diverse range of cleaners, disinfectants, and solvents - including alcohol and bleach - without compromising integrity or performance. It's even made from non-porous materials making it better protected from spilled liquids and easier to clean.

Integrated Stand for Adjustable Angles

With a built-in stand, you can adjust the viewing angle without removing the case, making it easy to watch the screen at nearly any angle. Integrated into its back cover, the durable kickstand flips out to offer hands-free viewing in landscape mode.

Clear Coverage

No need to hide that colorful iPad® behind the case to fully protect it. The SafePort® Case’s back cover is made with a clear, shock-absorbent TPU, so you can show off the color of your iPad® (and asset tag if necessary) while keeping it securely wrapped in protection. Not only protective, but functional, its precision cutouts allow access to all ports and ensures the camera is accessible for photos or videos without removing it from the case.

Full Access, Full Functionality

The custom-fit tray has precision cutouts for full access to the buttons, controls, and port. Camera and sensor cutouts ensure you get the best shot - even with the case on.

Hands On, Hands Off

Tackle your tasks on the move. Our case sports an adjustable hand strap so you can securely hold and use your tablet while walking or standing. Better yet, go for a hands-free carry by attaching an optional shoulder strap - like the Targus® Shoulder Strap for Rugged and Field-Ready Tablet Cases (THA101GLZ, sold separately).
