

Legrand 346991 video splitter

Model: 346991

Manufacturer: LEGRAND

EAN: 8012199416663

Product Code: 1690935

R3,389

Product Can be used to install the 2 wire audio system in new or refurbished systems, where push button panels of other manufacturers are present or required (mail boxes, patterned brass, compact sheet metal units, etc.), preset for a traditional speaker module

Universal speaker unit includes contacts for the connection of 8 call push buttons

To make systems with more push buttons (up to 56 using Cat. No. 346050 power supply and up to 24 with Cat. No. 346040 power supply) one or more key expansion modules must be used (1 every 8 push buttons)

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
