PULUZ waterproof case for Insta360 X4

Give your Insta360 X4 camera reliable protection even in the toughest conditions with the PULUZ waterproof case. This practical accessory is ideal for scuba diving, snorkeling, swimming and other water sports, providing full protection from water up to a depth of 50 meters.

Durable construction and excellent protection

The accessory was created from tempered PC, which makes it resistant to scratches, chips and fingerprints. It is also distinguished by a lens made of PMMA with a light transmittance of 95%, which reaches 98% when coated with AR anti-reflective coating, ensuring excellent image quality. In addition, it has a special AS coating, which makes it resistant to water and fingerprints. Its additional advantage is its 5H hardness, which is comparable to the hardness of ordinary glass and provides

reliable protection against mechanical damage.

Create fantastic 360° shots

The case remains invisible in full 360° shots, eliminating all blind spots. The unique optical and spherical lens design allows you to seamlessly create panoramic shots underwater. Capture the beauty of the underwater world and create plenty of great shots!

Waterproof to 50m

The housing is designed to provide full water resistance to a depth of 50 meters, making it the perfect choice for all water sports enthusiasts. Now you can fearlessly submerge your camera and record an exceptional shot! The accessory is also very easy to install and remove, allowing you to get ready for filming in no time.
