Improve productivity with multiple port docking for charging, display, keyboard and mouse plugs, ethernet, card reader and data transfer all in one. Lenovo 150 USB-C Travel Dock is designed to work with any USB-C alt-mode host laptop, tablet or phone. Extend your host device to an external display via HDMI or VGA, multiple USB-A ports, TF and SD card reader, and RJ45 port while charging the host device up to 100W at the same time, all from single USB-C cable. Plug and play, slim and light, the travel dock will be a great choice.
