The most advanced and customisable HP A4 LaserJet, an advanced printer with workflow solutions to modernise workforce collaboration. Transform your workflows with advanced capabilities in a compact footprint. Customisable configurations from print speeds to colour panels[9] help to meet the needs of busy workgroups. All while protecting your business against evolving security threats.

Dynamic security enabled printer Certain HP printers are intended to work only with cartridges that have a new or reused HP chip or electronic circuitry. These printers use dynamic security measures to block cartridges using a non-HP chip or electronic circuitry. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. Reused HP chips and electronic circuitry enable the use of reused, remanufactured, and refilled cartridges.
