The cordless DS4678 offers the versatility and scanning performance to scan items of all sizes, read barcodes in nearly any condition and handle a wide range of transactions. Bulky items in a shopping cart, a customer’s driver’s license, a mobile coupon, tiny barcodes in the jewelry department-the DS4678 can capture them all. It delivers over 13 hours of continuous scanning on a single charge, with a compact Presentation cradle to fit any point of sale.
