Bosch GLL 12V-100-33 CG Line level 30 m 500-540 nm (< 10mW)

Model: 0601065401

Manufacturer: BOSCH

EAN: 4053423303292

Product Code: 1692080

R15,720

Product Highlights

The GLL 12V-100-33 CG Professional is a robust line laser that offers easy and intuitive operation. It is designed to withstand tough jobsite conditions with its rubber enforced housing and laser windows and IP65 rating for dust and water resistance. The Levelling Remote app allows for remote control of the 3 x 360° laser lines, making operations more accurate and time efficient. Dual power source offers you the flexibility to switch between the 12V Li-Ion battery and AA alkaline batteries as a backup power source.

Equipment & Application

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Enjoy easy operation of the GLL 12V-100-33 CG with a new keypad design for clear laser line selection and a large battery indicator for convenience. The line laser is perfect for alignment of walls and partitions, tile and flooring installations, and staircase construction.

Additional Information

It features 3 x 360° lines for simultaneous horizontal and vertical levelling, allowing for easy layout of large spaces with just one tool. For starting right away, the GLL 12V-100-33 CG laser receiver mode is always activated. With the optional laser receiver LR 7 Professional you can extend the working range up to 100 metres (radius). The bright green laser lines offer up to four times better visibility than red lines, ensuring precision in every task.
