CAT 6A U-UTP installation cable, 500 MHz Dca (LSZH-1), AWG 23/1, 100 m drum, sx, blue

Model: DK-1614-A-VH-1

Manufacturer: DIGITUS

EAN: 4016032441861

Product Code: 1692620

R2,337

The **DIGITUS DK-1614-A-VH-1** is a high-performance **CAT 6A** cable designed for reliable data transmission in various applications. This cable features **8 insulated conductors** twisted into **4 pairs**, ensuring optimal signal integrity with an impedance of **100±5 Ohm** at frequencies up to **600 MHz**. The conductors are made of **bare annealed copper**, while the insulation is crafted from **HD-PE** (High Density Polyethylene), providing excellent durability and performance. The outer sheath is **LSZH** (Low Smoke Zero Halogen) compliant, making it suitable for installations where fire safety is a concern.

This cable supports a wide range of operating conditions, with an operating temperature range of **-20 °C to +75 °C** and a shipping and storage temperature range of **-20 °C to +60 °C**. Its robust

construction allows for a maximum tensile loading of **150N** and a dynamic bending radius of **8x AD mm** minimum. With a length of **100 m** and a light blue colour (RAL 5012), the **DIGITUS DK-1614-A-VH-1** cable is an excellent choice for high-speed networking applications, ensuring reliable performance and adherence to industry standards.
