Anycubic Auto-Feed Kit for Photon Mono M7 Pro/M7 Max

The Anycubic Auto-Feed Kit for the Photon Mono M7 Pro and M7 Max is a practical solution that streamlines the resin printer experience and reduces the need for manual resin refills during printing. The auto-feed system ensures a constant supply of resin, making the printing process smoother and free of unnecessary interruptions—which is especially important for longer projects. Its tailored dimensions of 272 × 262 × 120 mm and weight of 711 g ensure the unit remains stable and integrates seamlessly with the printer. The kit includes a complete auto-feed module, a bottle cap, a user manual, and M3×8 mm mounting screws, allowing for quick installation without the need to purchase additional parts, while the design tailored to specific Anycubic models ensures seamless compatibility and convenience in daily use.
