Reimagine performance with an elevated printing experience

Seamlessly create professional quality prints with reliable productivity, intuitive functionality and sustainable operation processes. Produce sharp, crisp lines and vivid red colour for eye-catching marketing materials and accurate CAD prints.

Enhanced professional quality

The new magenta ink produces a more brilliant red and stable image enhancements mean crisper lines. Print vivid and accurate CAD drawings, posters, educational materials and more.

Reliable productivity

Productivity that you can count on, with reliable performance, faster processing time and a quick return from sleep mode. Save time trimming excess margins with borderless print, giving full bleed images of any size, straight from the device.

Intuitive functionality

Functional design with a 4.3” touch screen panel displaying intuitive instructions and important information, like media type, remaining media and ink amount. Roll paper can be replaced with ease on the flat-top cover.

Improved sustainability

Environmentally conscious EPEAT Gold rated device for low energy consumption, with power reduction during standby and packaging free from polystyrene foam. Less noise printing makes it ideal for quiet offices.
