With its new ultra-compact housing design, TL-PA4010 KIT is much smaller than TP-Link’s legacy mini 600Mbps powerline products. At just 28.5mm thick, it nearly blends completely in front of any power outlet.

Pair Button for Easy Network Security

Simply by pushing the Pair button on the adapters, users can set up a hassle-free Powerline network within minutes, complete with 128-bit AES encryption for network security and data protection.

It's that simple!

1. Plug the adapter into the power outlet

2. Connect the device via the network cable to the adapter

3. Press the pair buttons—and you're done!
