The PRO X SE Wired Gaming Headset features 7.1 surround sound and BLUE VO!CE software for professional-sounding voice comms. Hear and sound like a pro.

BLUE VO!CE

Your voice sounds richer, cleaner, and more professional with BLUE VO!CE microphone technology. Use real-time voice filters to get consistent, studio-quality communications via Logitech G HUB.

PRO-G 50 MM DRIVERS

Hybrid mesh construction delivers clear, precise sound imaging so you can hear every detail with breathtaking clarity. 50 mm drivers provide accurate sound over a wider frequency range for dynamic bass and powerful audio, enhancing immersion in every game.

PRO X SE offers DTS HEADPHONE:X 2.0, the latest version of object-based sound imaging from DTS. Hear every detail with enhanced bass rendering, audio clarity, and proximity cues. A new level of distance awareness differentiates between near field and far field audio, so every location is pinpointed more than ever. Detect every footstep and distant gunshot before it’s too late.

BUILT TO LAST

Aluminum forks and a strong steel frame headband provide durability alongside memory foam and leatherette earcups, keeping you comfortable during extended play. The PRO X SE is built to last tournament after tournament.

USB SOUND CARD

External USB sound card (DAC) delivers crystal-clear digital signal processing for tournament-level audio and voice communications. Program it with Logitech G HUB to take your audio settings to the tournament.

LOGITECH G HUB SOFTWARE

Download audio EQ profiles tuned by your favorite pros or design your own via Logitech G HUB software. Save a 5-band EQ profile to the onboard memory for software-free use on tournament systems, so you can compete using the audio settings that carried you through the daily grind of practice.
