Model: 48535

Manufacturer: UNOLD

EAN: 4011689485350

Product Code: 1694260

R3,056

Would you like crispy popcorn for a cozy evening in front of the TV, a child's birthday party or a fun game of Scrabble? Then the POPCORNMAKER Retro from Unold® in a chic Golden Fifties look made of metallic red and chrome is a must-have!

The corn is put into the removable, non-stick coated stainless steel pot - the measuring spoon provided ensures the perfect amount. The precisely adjusted amount of oil is added using the second measuring spoon, which is included as standard. Then press "operate" - and the popcorn production begins. The crispy pieces then tumble into the removable collecting tray - this works after a short heating phase! The "lighting/keep warm" toggle switch shows how chic a popcorn maker can look - and it keeps the popcorn at a comfortable temperature! And little snackers in particular will certainly watch with excitement as the corn happily bounces around and turns into popcorn... The door is equipped with a magnetic closure and is easy to open - and ventilation slots on the side ensure ideal air circulation. BPA-free and equipped with anti-slip feet - and easy to clean.
