The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

• EU Plug

• Integrated with GaN technology

• Made for daily charging needs

Soooo basic, but famously fast

The empower by PanzerGlass® essential 45W charger delivers up to 45W fast charging, charging your phone from 0–50% in 30 minutes.

Great charger, even greater price

GaN technology enables a smaller product size, enhanced charging efficiency, and superior heat dissipation. Designed to support different devices, it is suitable for phones, tablets, low-power devices, and more.

Multiple Protection, Ultimate Safety

The charger is designed with over-temperature and over-voltage protection, making it an essential choice for everyday charging.
