EMEET OfficeCore Luna Plus Conference Speaker

The EMEET OfficeCore Luna Plus is a conference speaker featuring 8 built-in microphones, providing 360° sound pickup and a range of up to approx. 5 m. The system supports up to 10 participants in a standard configuration, and thanks to the ability to daisy-chain devices, up to 18 people. With 5 W of power, a 2600 mAh battery offering up to 10 hours of operation, and connectivity via USB, Bluetooth, and a USB adapter, it is a versatile tool for any conference room.

Crystal-clear communication with VoiceIA

Call quality is ensured by the advanced VoiceIA algorithm, which optimizes sound in real time. This technology effectively reduces noise and echo while enabling full-duplex communication, which means smooth conversation without interruptions or overlapping voices. Thanks to Voice

Enhancement and Noise Cancellation features, every statement is clear and natural, regardless of the room’s acoustic conditions.

Flexible range extension – Daisy Chain

The system can be easily expanded using the daisy chain feature. By connecting an additional EMEET device, it is possible to cover larger conference spaces. A configuration with two Luna Plus units can accommodate meetings with up to 18 participants, making the device an ideal choice for medium and large rooms.

Stable connection and quick setup

The device offers various connection methods—wired USB-C, Bluetooth 5.3, and a 3.5 mm jack. The included USB A350 Bluetooth adapter ensures fast pairing, low latency, and stable real-time audio transmission. A Bluetooth range of up to 20 m allows for unrestricted use of the device without having to sit right next to the computer.

Long battery life

The built-in 2600 mAh lithium-ion battery enables up to 10 hours of continuous talk time, allowing the device to easily handle even all-day meetings. Low power consumption of 1.25 W and a 5 V / 1 A power supply ensure efficient and stable operation without frequent charging.

Wide compatibility and convenient management

The speaker works with the most popular platforms, such as Zoom, Microsoft Teams, Skype, Webex, FaceTime, and Google Hangouts. It is compatible with Windows, macOS, Linux, Android, and iOS. Additionally, support for the EMEETLINK software allows you to update the firmware and adjust settings such as microphone level and Bluetooth parameters, giving you full control over the device’s operation.
