

Thrustmaster HOTAS Warthog Dual Throttles Black USB Flight Sim PC

Model: 2960739

Manufacturer: THRUSTMASTER

EAN: 3362932914341

Product Code: 1695647

R6,910

U.S. Air Force-licensed A-10C dual replica throttles + built-in replica control panel, for use with PC flight simulation software and games. Works with all joysticks on the market and with all games supporting multi-USB and throttles.

Dual replica throttles

- Innovative new H.E.A.R.T HallEffect AccuRate Technology:
- 3D magnetic sensors (Hall Effect) on the 2 throttles: enjoy surgical precision that stays razor-sharp over time
- 14-bit resolution (16384 values) on each throttle
- USB connection with upgradable firmware
