Create stunning, shadow-free presentations in compact spaces with a short throw ratio of 0.5–0.7:1, built-in lens shift, and WUXGA resolution with 4K Enhancement. With 1.4x optical zoom, corner focus, and display sizes up to 500", this high-performance display is perfect for immersive applications. Its compact design, low noise, and sleek white chassis ensure crystal-clear images in any setting, all at an affordable price.

Flexible installation for professional setups

Designed for easy installation, the EB-L690SE can be quickly configured for optimal performance in any room layout. Features like lens shift, horizontal and vertical keystone correction, and 360° projection ensure precise image positioning. Options such as split-screen capabilities, edge blending, and geometry correction, along with the optional ELPEC01 camera and Epson Projector Professional Tool, enable fast setup and calibration, enhancing flexibility for complex setups.

Stream, share, and connect with ease

With optional wireless connectivity, a USB-A port for PC-free operation, and HDBaseT/HDMI daisy chaining, the EB-L690SE enhances installation flexibility and convenience.

Smart control for seamless experience

The EB-L690SE streamlines large-scale deployments with NFC functionality and the Epson Projector Config Tool. The intuitive OSD menu, coupled with Epson’s EPMC solution, enables effortless cloud monitoring and management. Compatible with Crestron XiO Cloud, it offers centralised control for seamless operation.

Peace of mind with high durability and support

Engineered for long-lasting performance, the EB-L690SE features fit-and-forget laser technology, backed by a 3-year warranty. It minimises maintenance needs, reduces downtime, and offers peace of mind with Epson’s renowned after-sales support.

Environmentally friendly design
