with Pixart, BAMF is optimized for unrivaled performance with a lower power draw - allowing you to game harder and longer than ever before. The sensor provides pinpoint precision with its 400 IPS tracking speed, 19,000 programmable DPI, and up to 1000 Hz polling rate.

MAXIMUM COMFORT

MINIMAL WEIGHT

At a mere 67 grams, the Model D- Wireless is one of the lightest wireless mice on the market and utilizes a right-handed, ergonomic design that satisfyingly cradles your palm.

INSANE BATTERY LIFE

LIFE UP TO 71 HOURS

Spend more time gaming with the Model D- Wireless’ incredible 71 hours of play time on a single charge. (Measured with RGB Off)

PLAY WHILE YOU CHARGE

WIRED & WIRELESS MODES

D- Wireless comes with a flexible USB-C Ascended charging cable for nonstop performance when you need it most. The mouse allows for seamless operation in wired and wireless modes.

- 6 Programmable Buttons
- **Honeycombs**

Designed for strength

Its honeycomb shell helps reduce weight while maintaining strength. Easy to clean and also helps improve airflow while you game.

- **Full RGB**

16.8 million custom colors

Stunning 3-Zone RGB lighting with fully customizable profiles. Save separate profiles for wired and wireless modes.

- Includes USB Extender Dongle

GLIDE SMOOTHLY WITH

G-SKATES FEET

Say goodbye to shoddy stock mouse feet and hello to the silkiest skates on the market. The included Glorious G-Skates allow the Model D- Wireless to effortlessly float across your mousepad with their
