R1,437

ILLUMINATE EVERY ANGLE

This case fan features an extra-thick 28mm fan frame and delivers up to 58 CFM of airflow while keeping noise levels at or below 23 dB(A), providing an optimal balance of cooling performance and acoustic efficiency. It integrates 20 ARGB LEDs with dual-sided lighting on the frame, illuminating your system with style.

Thicker Frame for Higher Performance

The ASUS Prime MR120 ARGB Reverse Fan provides strong airflow to ensure consistent cooling performance, featuring a 28mm fan frame.

Light Up Your Build

The MR120 ARGB Reverse Fan features 20 ARGB LEDs arranged in a striking circular design to enhance the aesthetics of your build.

Consistent Lighting Aesthetics

The dual-sided lighting of the fan frame illuminates your chassis with style. When multiple fans are installed side by side, the extended lighting creates a vibrant look that significantly elevates your overall system design.

Reliable Cooling Performance

The ASUS Prime MR120 ARGB Reverse Fan offers reliable performance for PC builds, delivering an ideal balance of airflow and acoustics.

Dual Color & Orientation Options

The MR120 ARGB Reverse Fan is available in black or white, as well as in standard and reverse airflow versions. These options bring stylish aesthetics to any PC build, while maintaining cooling performance.
