Model: ET4010B-001C2B0P-A6

Manufacturer: ZEBRA

Product Code: 1696806

R29,546

Introducing the 8-inch and 10-inch ET401 Enterprise Tablets, the next generation of Zebra’s best selling ET40 and ET45 Enterprise Tablets. These right-priced rugged tablets have it all, right out of the box—the familiar thin and light consumer design combined with today’s most advanced mobile technologies. They’re smarter, AI-empowered tablets with improved touchscreen technology that makes them even more intuitive and easier to use. They’re faster, with all the latest wireless technologies. They’re more rugged, with a longer lifecycle. They’re more powerful, with a stronger processor and more memory. They’re more secure, with new options that provide additional protection. And with enhanced data capture options, including RFID1, these tablets are even more versatile, ready to streamline a wider range of tasks across various job types. The ET401 Enterprise Tablets—the sleek design your workers expect, with the power and rugged reliability your enterprise needs.
