R1,345

Control Multicolor at Will

Smart Light Bulb, Multicolor

More Playability, More Fun

Stir Your Sense up via Music Sync

Tapo L430C captures the music going around it, syncing to the frequency and the beat. Keep pace with the rhythm and get all your senses stirred up at a party!

Millions of Colors

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Easily design scenarios with vivid colors for your daily routine or special activities.

Auto Biorhythm Lighting

Experience tailored illumination for every moment of your day with our Natural Lighting. It mimics the path of the sun in your geographic location, seamlessly adjusting brightness and color temperature to your daily preferences.

Quality Upgrade. More Softer!

Tapo L430C adopts a Double-layer bulb design for better light mixing. Light color is more uniform and more gentle!

No Hub Required

Connect Tapo L430C to your home WiFi network, and then you’re all set—no need for extra hubs or other devices.

Preset for Convenience

Found the perfect mood lighting for you movies? Save it as a setting to instantly adjust your illumination for movie nights.

Away Mode

Set your smart light to switch on/off randomly, giving the impression you’re home even when away.
